## Cycad Availability SPRING/SUMMER 2006

### Directions

Take **Freeway 5** to Encinitas (10 minutes south of Oceanside, 30 minutes north of San Diego).  
Exit **Leucadia Blvd West** (toward ocean).  
Immediate left on **Orpheus Ave**,  
left on **Union St**,  
Right on **Ocean View Ave**

**Location: 450 Ocean View Ave, Encinitas, CA**  
(next to the "Monarch Program")

The following is a listing of species available as of APRIL 2006. Call for sizes and prices available. Many species are extremely limited in availability. Some species may have sold out by the time you get this listing. Some cycad species are given as a "locality". For visits to the nursery, always call first. Mail orders are possible to most areas within the United States with minimum order of \$200 plus s/h. Thank you for your interest. **Cycads are for U.S. domestic use only and cannot be shipped internationally.**

*Phil Bergman, Owner*

The purpose of this listing is to give palm and cycad enthusiasts a list of the species offered at this time. Sizes and prices are not included herein as availability changes frequently and creating such a listing would be far too cumbersome. Please call or fax for sizes available and prices. Prices subject to change without notice. Because of rarity or limited supply, many species may sell out quickly and we cannot guarantee availability. California mail orders will be considered with minimum purchase. No warranty is implied or given for survivability in your area. Plants may be outdoor or greenhouse grown. Cultural advice is always available on request. It is advisable to acclimate plants into full sun before planting. Please excuse any errors in the listing. Every attempt has been made to accurately identify species, but no absolute warranty on species identification can be given. Some names given may be from locality or areas and may not be "true" species.

## Mail Orders & Guarantees

When mail ordering, select species desired. Our staff will then confirm availability and pricing prior to receiving any payment. Full payment is required prior to shipping any plants. There are minimum purchases for a mail orders. Because of shipping costs and restrictions, almost all mail orders are sent barefoot packed in moss. No guarantees or implied warranties are given on viability of any plants purchased. Honest attempts are always made to accurately identify species, but no warranty is given as to correct identification of any given species. Always acclimate plants to your area prior to planting we cannot guarantee rooting/survival when customers purchases unrooted cycad caudix. Feel free to ask for cultural advice.
