## Palm, Cycad and Tropical Plant Availability

### Nursery Directions

Take Freeway 5 to Encinitas (10 minutes south of Oceanside, 30 minutes north of San Diego). Exit Leucadia Blvd. West (toward ocean). Immediate left on Orpheus Ave, left on Union St, right on Ocean View Ave.

Location: 450 Ocean View Ave, Encinitas, CA

The following is a listing of species available as of Winter, 2013. Call for sizes, prices and availability at any given time. Our availability does change frequently. Many species are extremely limited and we may run out of some.

**NURSERY HOURS: MONDAY—FRIDAY, 10 AM TO 3PM SATURDAY 9:30 AM TO 4PM**

**MAIL ORDERS:** No minimum order. We mail order to all states within the U.S. We do not ship internationally. Cycads are for domestic usage in the U.S. only. We are a certified CA nursery and ship most plants in their container with soil.

The purpose of this listing is to give palm and cycad enthusiasts a list of the species offered at this time. Sizes and prices are not included but are available at our website. Prices subject to change without notice. Because of rarity or limited supply, many species may sell out quickly and we cannot guarantee availability. No warranty is implied or given for survivability in your area. Plants may be outdoor or greenhouse grown. Cultural advice is always available on request. It is advisable to acclimate plants into full sun before planting. Please excuse any errors in the listing. Every attempt has been made to accurately identify species, but no absolute warranty on species identification can be given. Some names given may be from locality or areas and may not be “true” species.

**PALM Species:** \*Please note: any given species may be out of stock when you contact us. Availability changes quickly.

**Mail Orders & Guarantees** When mail ordering, select species desired. Our staff will then confirm availability and pricing prior to receiving any payment. Full payment is required prior to shipping any plants. There are minimum purchases for a mail orders. Because of shipping costs and restrictions, almost all mail orders are sent barefoot packed in moss. No guarantees or implied warranties are given on viability of any plants purchased. Honest attempts are always made to accurately identify species, but no warranty is given as to correct identification of any given species. Always acclimate plants to your area prior to planting we cannot guarantee rooting/survival when customers purchases unrooted cycad caudix. Feel free to ask for cultural advice.
